COMMENTS:

I hereby declare:

1. The pressure equipment installation shall conform to the **Steam and Pressure Plants Act and Regulation, Power Engineers Act and Regulation** and all other applicable codes and is entirely the responsibility of the owner and/or contractor.
2. A final, approved inspection is required prior to operating under a Grade 2 Interval.
3. The owner shall conform to the requirements of the Graded Interval program, and shall submit all required documents annually.

NOTE: Inspection and Technical Services assumes no responsibility by examining the equipment, facility or installation.
